TWENTY-EIGHTH YEAR.

WARDNER IS IN STATE OF SIEGE

Troops Have Been Ordered to the Scene of Riot.

MARTIAL LAW TO BE DECLARED AT ONCE

General Merriam Has Held Consultation With Governor.

Miners threaten that they will resist any attempted interference on the part of the regulars—town in state of suspense and arrival of soldiers eagerly awaited—no disturbances in the district yesterday.

Spokane, Wash., May 2.—A special to the Spokesman-Review this morning says that Wardner is terrorized by rumors of a return of the masked rioters.

Spokane, Wash., May 1.—The company of colored regulars stationed at Spokane army post received orders late tonight to leave on the morning train for Wardner, Ida. The company at Fort Walla Walla has received similar orders.

Bartlett Sinclair, auditor of Idaho, in an interview with the Spokesman-Review correspondent at Wardner tonight said:

"The conditions here are far worse than I could possibly imagine. The prosecuting attorney and sheriff here have been shamefully remiss in their duty. They will be probably impeached. Existing conditions here must cease. The state authorities, aided by federal troops, will see to it."

Boise, Ida., May 1.—Governor Steunenberg, Attorney General Hays and Adjutant General Weaver went out here today to meet General Merriam at the residence of the latter, for consultation over the situation in the Coeur d'Alenes.

It is not known what policy may be decided upon. The conditions in the district affected are looked on as being very grave, but the state authorities have refrained from discussing them or any plans contemplated for meeting them.

It is Company K.

At the time of the transfer from Fort Douglas, company K, then at Camp Pilot Butte, Mont., was ordered to Spokane, and is the company referred to in the dispatch. The only officer who left Salt Lake with company K was Lieutenant C. S. Lincoln, the others having been retained at this post or on detached service. Captain William Rink and Lieutenant C. S. Lincoln, however, are believed to have joined the company later, and it is likely they are in command at the present time. Both officers are well known in this city.

IN STATE OF SUSPENSE.

People Await and Fear the Arrival of Troops.

Spokane, Wash., May 1.—The special correspondent of the Spokesman-Review at Wardner telegraphs that, pending the arrival of troops, the town is in a state of strained suspense. What heightens the anxiety is the general rumor that the federal troops will arrive in the absence of troops it would be folly to attempt the resumption of work at the Bunker Hill non-union mine. Any attempt to do so would assuredly result in a revival of the riots of 1902. Outbreaks like that of Saturday could be repeated as often and as violently as the strikers might desire.

President Bradley of San Francisco now refuses to make any statement regarding the company's policy. Manager Burbridge returned to Wardner today. State Auditor Bartlett Sinclair, the special representative of Governor Steunenberg, arrived there today. He declares emphatically for law and order.

A telephone message from Canyon Creek to a number of the loaders of the dynamites are quietly leaving for Montana.

ALL QUIET AT THE MINES.

Another of the Wounded Strikers Expected to Die.

Wardner, Ida., May 1.—There were no disturbances in the mining district today. Eleven men were seen from Wardner going over the mountains each with a rifle on his shoulder, but their identity or destination was not known.

A considerable number of non-union men left on the train today; also a few strikers. Citizens are in dread of further outrages from now until the arrival of troops.

State Auditor Bartlett Sinclair arrived here today as a representative of Governor Steunenberg. He is searching for evidence against the dynamite makers, but cannot make headway before the arrival of troops.

James Devey, wounded by dynamite on Saturday, is not expected to live until morning.

MARTIAL LAW IS WANTED.

Public Sentiment Will Support Action of Governor.

(Special to The Herald.)

Boise, Ida., May 1.—It would not be surprising if Governor Steunenberg would be forced himself to violate the letter of the law if he decides to take vigorous action in the Coeur d'Alenes. A very peculiar condition exists.

Governor Steunenberg and Adjutant General Weaver.

MURDER ON "STRIP" FEELS IN HANDS OF FILIPINOS

Man Killed in Row With the Colored Cavalrymen.

SOLDIER ALSO DYING

WOMAN THE CAUSE OF THE QUARREL

Fight Occurred Between Uintah and Uncompaghe Reservations On Sunday Night—Details Hard to Obtain—Parties to Affray Held Up Stage Late—Bad Characters.

(Special to The Herald.)

Price, Utah, May 1.—Jack Thomas, a white man, and three negro soldiers of the Ninth cavalry got into a row in the saloon or house of prostitution on what is known as the "strip," a piece of ground lying between the Uintah and Uncompaghe reservations, last night, and in which Thomas was shot and killed, and one of the negroes mortally wounded.

A woman known as Sarah Alfred is directly responsible for the killing, and of their being jealous of her.

Details are difficult to obtain, and the report is the other two soldiers are badly wounded. Two of the negroes and the woman are the ones who stood up for the price and Verbal stage a few months ago.

Thomas owned a ranch near-by, and has long been regarded as a tough character.

WOMEN'S FIGHT FOR RIGHTS.

Proceedings of Suffrage Association at Grand Rapids.

Grand Rapids, Mich., May 1.—At today's session of the National American Woman's Suffrage association Sarah May Bennett of Kentucky submitted the report of the committee on federal suffrage. Mrs. Bennett said:

"The association, after the cessation of efforts for years, has resumed the attempt to have women protected against state denial of suffrage by federal law under the fourteenth amendment. It has done this because the supreme court in the case of *Minor v. Happersett* held that the right of the suffrage was a necessary privilege of citizenship of the United States."

For the committee on legislation, Lillie Devereaux Blake said:

"The report is by far more encouraging than any previous. In many states bills providing school suffrage for women, and that women are eligible for school officers, have been introduced. In Maine women have been made registrars of probate and attorneys-at-law. In Minnesota, library and school officers; in New Mexico the law gives widows and widowers equal rights in the property of deceased husbands and wives; in Kentucky, women have been made eligible as physicians in the state; in Oregon an amendment giving suffrage to women passed both houses; in Louisiana women have secured the right to vote on questions of taxation."

THREATEN A PREACHER.

He Denounced the Recent Lynchings in Georgia.

Atlanta, Ga., May 1.—The Baptist tabernacle in this city, the largest church of that denomination in the south, and recently constructed, was entered last night by a mob of about 100 men, who broke in, and the new carpets torn up, paint was scoured off the seats and a water tank upset. On the outside of the church were tacked placards bearing such inscriptions as "Negro-lover," "traitor to the south," and other sentiments of that nature.

One week ago Dr. Broughton denounced the burning of Sam Hose at Newnan, and said the lynchings were as much murders as Hose was. Dr. Broughton received one or two pieces of horse flesh, accompanied by threatening letters, and he denounced the senders of these letters as cowards, and declared that he was not afraid of all the devils in hell.

Dr. Broughton said tonight that he would not ask for police protection, nor would he order the janitor to stop in the church as a precautionary measure. The police today found additional placards posted in prominent places on adjoining streets, bearing these sentiments: "What do you think of Broughton? I think he ought to be whipped." "Who will join in a crowd to whip Broughton, the negro-lover?"

MAY LEGALIZE POLYGAMY.

Curious Result of General Wood's Ruling in Santiago.

Santiago de Cuba, May 1.—It is pointed out that a curious result of Major General Wood's command that all marriages be legal, was that all religious marriages are legal, and that the religious legalization of polygamy, in any event, does not mean that polygamy is legal in this province during the war, and as there are no marriage laws except those of the Roman Catholic church, the new order insures the legitimization of the offspring of such unions.

Juan Caballero, a noted bandit, was executed at Mayaguez yesterday. The rural guards at Holguin shot two outlaws who were attempting to escape.

The new copper mines in the El Cobre district were formally pre-empted today.

CHICAGO'S DOLLAR BANQUET.

Bryan and Harrison to Speak There On May 20.

Chicago, May 1.—The committee of arrangements which has in charge the dollar banquet, similar to the affair recently given in New York, decided to hold it on May 20, under the auspices of the Carter Harrison Unionists League, a semi-political organization formed for the purpose of aiding Mayor Harrison in his re-election campaign.

It is understood Colonel William J. Bryan and Mayor Carter H. Harrison have already accepted invitations to speak.

Now Bishop of Maropolis.

Chicago, May 1.—With elaborate ceremony the Right Rev. Alexander J. McGavick was today consecrated as auxiliary to Archbishop Peckham, with the title of Bishop of Maropolis. The consecration was held at the Cathedral of the Holy Name. Nearly 5,000 visiting priests were in attendance. They marched behind twelve bishops, led by Archbishop Peckham.

probably the only ones who really enjoyed the day.

Neither the street railways nor the railroads were seriously inconvenienced. The snow delayed no trains, and street cars managed by exercising diligence, to keep up their schedules. Colds will be plentiful this morning. So will bad cases of the grippe. But these are matters which only interest those directly concerned.

The street sprinkling department will have a brief rest because of the downfall. While the storm was at its height half a dozen of the new carts were hauled through the business part of town, to the great amusement of everybody who saw them.
